

## INTENSIVE GERMAN LANGUAGE COURSES IN KIEL

German is the native language of around 100 million people and is spoken in some of the strongest economies in the world. A good reason to go ahead with it, if you are considering a career in Europe!

Kiel has a long shipbuilding and naval tradition but today it is characterised by its vibrant student scene, laid-back lifestyle and urban flair. You can sense this atmosphere from the city's beautiful setting on the Kiel Fjord, its modern and spacious city centre and Dänische Strasse, a street of late-19th century buildings full of maritime charm in the heart of Kiel.

Here you can learn German in a relaxed and personal atmosphere. Our language school offers German courses at all levels (from basic to academic), including preparatory courses for university entrance level examinations. All German courses are taught by highly qualified and experienced teachers of German as a foreign language. We have a maximum of 15 participants per group. Besides the German language we focus on understanding the local culture. Integration is very important to us. Typically our German courses are communication-oriented, while teaching is centered on the course participants. During and after the course we can help through our application service to find the right university and course for you and guide you through the necessary administrative steps such as dealing and registering with the various authorities, arranging your insurance, as well as applying to and enrolling at your chosen university. Additionally, we offer a range of intercultural seminars and courses to get you ready for everyday life in Germany.
